

THE SUN CHARTS

The first phase of the Tourism Together Working Groups' efforts was ideation.

Five Working Groups generated 567 ideas, before prioritizing two or three each to take forward as recommendations to the Future of Tourism Forum.

These 'Sun Charts' visually represent the topics and themes addressed in those original 567 ideas.

The charts are divided into key themes:

Smart Tourism

Transport

Education

Community

Experience

Sustainability

Indigenous

Work & Housing

Accessibility
